

Funds Availability Policy

Ability to withdrawal funds

Our policy is to make funds from your cash and check deposits available to you on the first business day after the day we receive your deposit. Electronic direct deposits will be available on the day we receive the deposit. Once the funds are available, we will use the funds to pay checks that you have written. However, we place certain limitations on withdrawals in cash. In general, \$200 of a deposit is available for withdrawal in cash on the first business day after the day of deposit. Any remaining funds will generally be available for withdrawal in cash by the second business day after the day of the deposit. Please remember that even after we have made funds available to you, and you have withdrawn the funds, you are still responsible for checks you deposit that are returned to us unpaid and for any other problems involving your deposit.

Determining the availability of a deposit

For determining the availability of your deposit, every day is a business day, except Saturdays, Sundays, and federal holidays. If you make a deposit before 3:00PM on a business day that we are open, we will consider that day to be the day of your deposit. However, if you make a deposit after 3:00PM or on a day we are not open, we will consider that the deposit was made on the next business day that we are open. If we cash a check for you that is drawn on another bank, we may withhold the availability of a corresponding amount of funds that are already in your accounts. Those funds will be available at the time the funds from the check we cashed would have been available had you deposited it. If we accept for deposit a check that is drawn on another bank, we may make funds from the deposit available for withdrawal immediately but delay your availability to withdraw a corresponding amount of funds that you have on deposit in another account with us. The funds in the other account would then not be available for withdrawal until the time periods that are described elsewhere in this disclosure for the type of check that you deposited.

Longer Delays May Apply/Case-by-Case Delays

In some cases, we will not make all of the funds that you deposit by check available to you on the first business day after the day of your deposit. Depending on the type on check that you deposit, funds may not be available until the second business day after the day of your deposit. The first \$200 of your deposit, however, may be available on the first business day after we receive your deposit.

If we are not going to make all of the funds from your deposit available on the first business day after we receive your deposit, we will notify you at the time you make your deposit. We will also tell you when the funds will be available. If your deposit is not made directly to one of our employees, or if we decided to take this action after you have left the premises, we will mail you the notice by the day after we receive your deposit.

If you need the funds from a deposit right away, you should ask us when the funds will be available.

Safeguard Exceptions

In addition, funds you deposit by check may be delayed for a longer period under the following circumstances:

- We believe a check you deposit will not be paid.
- Your deposit checks totaling more than \$5,000 on any one day.
- You redeposit a check that has been returned unpaid.
- You have overdrawn your account repeatedly in the last six months.
- There is an emergency, such as failure of computer or communications equipment.

We will notify you if we delay your availability to withdraw funds for any of these reasons, and we will tell you when the funds will be available. They will generally be available no later than the seventh business day of your deposit.

Special Rules for New Accounts

If you are a new customer, the following special rules will apply during the first 30 days your account is open. Funds from electronic deposits into your account will be available on the day we receive the deposit. Funds from deposits of cash, wire transfers, and the first \$5000 of a day's total deposits of cashier's checks, certified, tellers, traveler's, federal, state, and local government checks will be available on the first business day after the day of your deposit if the deposit meets certain conditions. For example, the checks must be payable to you. The excess over \$5000 will be available no later than the ninth business day after the day of your deposit. If your deposit of these checks (other than a US Treasury check) is not made in person to one of our employees, the first \$5000 will be not be available until the second business day after the day of your deposit.

Funds from all other check deposits will be available on the ninth business day after the day of your deposit.

This policy statement applies to all deposit accounts.
